

WANDER SHOP EAT EXPERIENCE

New overhead
decorative lighting

Encouraging cycle
friendly businesses

New up-lighting
of trees

Increasing public art

Encouraging outdoor
dining opportunities

McLAREN VALE MAIN STREET TOURISM VISION

We are seeking opportunities to improve Main Road McLaren Vale which will further encourage visitors to stop, stay and spend. From our engagement including workshops and surveys, we have heard some great ideas to improve Main Road McLaren Vale, to create a more enjoyable place for you to wander, shop, eat and experience.

To bring the vision to fruition it will rely on the support of government, associations and community groups, business owners and residents all working together to deliver a great experience for Main Road McLaren Vale.

We are ready for the challenge, are you?

Increasing greening
along the main street
through trees, plantings
and planter boxes

New arbours to
provide shelter and
additional greening
opportunities

Increasing sustainable
practices such as
reducing food
waste to landfill

Activations and events
to increase the night
time economy for
local businesses

To have your say, find out more about the vision and complete the quick poll or quick survey at www.onkaparingacity.com/yoursay
