

The evolution of the Vision picture

The Vision picture is a visual expression of our communities' hopes for the City in 10 years' time. The visual elements of this picture are evident throughout the Community Vision 2034 document. The picture has been utilised to spark conversation amongst community members, elected members and staff. The picture has evolved throughout the review process, based on what the community told us in each of the engagement phases. Below is a description of this evolution.

September 2023 Concept launch through the Love Where You Live Campaign Phase 1: Community Survey and Vision questions

CITY OF ONKAPARINGA | **Your Say**

Your vision for our future

Tell us what you love about living here, and what would make it even better. Your responses to the questions below will help shape council's 10-year Community Plan. Please place this in the return box when complete, or take a photo and email it to yoursay@onkaparinga.sa.gov.au

1. The best thing about living here is _____
because _____

2. Ten years from now, I hope Onkaparinga is _____
with more _____
and less _____

3. For a good future, the most important thing to do now is _____

Age _____ Suburb/township _____

LOVE WHERE YOU LIVE

December 2023 First vision picture using key elements that emerged through the Phase 1 consultation

January/February 2024 Live illustrations produced at the two Community Workshops

The illustrator attended both community workshops and captured the conversations in visual form as they occurred. Many of the elements appear in the second vision picture.

March 2024 Vision refined following Phase 2 consultation with workshop participants

What's next?

Since this latest version we've heard lots of ideas for changes from staff and elected members. We'll soon hear from the broader community during Phase 3 consultation. These ideas will be gathered together to complete the picture of the Community Vision.
