Canberra Drive Aberfoyle Park site information

The reserve land (bordered in blue on page 1) is approximately 1,876 sq.m. The subject land is fenced on the southern and western boundary with residential allotments. The north of the land adjoins Council owned land that is not included in this parcel to be revoked.

Canberra Drive is located in the Housing Diversity Neighbourhood zone, medium-density housing that supports a range of needs and lifestyles, located within easy reach of a diversity of services and facilities, with frontages to Canberra Drive.

A.P.I.C Reserve is directly to the north and adjoins the subject parcel of land, while to the south, continuing along Canberra Drive, is Happy Valley Sports Park.

The subject Council land is located within the Thalassa Ward, and the Elected Members for this Ward will be notified of the upcoming proposal to be presented to Council. They will also be offered the opportunity to conduct a site inspection.

Additional Information Summary

Report pursuant to the *Local Government Act 1999*

- a. The *Local Government Act 1999* prescribes that Council must prepare a report before it proposed to revoke the classification of land as community land. The report must address the following:
 - I. **A summary of the reasons for the proposal**

As part of the City of Onkaparinga's [Long Term Financial Plan](#) (LTFP), Council has identified the need to generate revenue through the disposal of surplus assets, with a budgeted target of \$3 million for asset sales, for a period of 10 years. This process aligns with Council's strategic approach to asset optimisation to support financial sustainability and fund future community projects and facilities.

The site was selected following internal consultation across the organisation confirming there are no current or future strategic, recreational or operational requirements to retain the land.
 - II. **A statement of any dedication, reservation, or trust to which the land is subject**

The subject parcel of land are not subject to any dedication, reservation, or trust.
 - III. **A statement of whether revocation of the classification is proposed with a view to sale or disposal of the land**

The intent of this report proposes the revocation of the subject parcel land from its community land classification and the sale of the land on the open market.

Pursuant to Councils [Disposal of Land and Other Assets Policy](#), the Council will seek to dispose of land at or above current market valuation by whichever method is likely to provide the Council with a maximum return, unless there are reasons for the Council to accept a lesser return which is consistent with the Councils overall strategic direction. These reasons must be documented in writing.

It is proposed that the net proceeds (gross proceeds less revocation and disposal costs) from the same of subject lands (if approved by Council) be assigned to the Asset Proceeds Reserve in the first instance. From there, funds will contribute to wards a combination of the following: the annual revenue target to be raised from the sale of surplus assets as per the Long Term Financial Plan; a priority capital works project to accelerate a local project benefiting the community; new initiatives that are for the direct benefit of the community or to improve Councils financial sustainability.

The capital projects identified will be included in the consultation where the community can have their say on the project that would be most beneficial to the community.

IV. An assessment of how implementation of the proposal would affect the area and the local community:

There is no evident community use of this land, however, public consultation is required to identify any uses that may not be currently known to council.

The [Open Space Strategic Management Plan](#) has been considered, and the disposal of the subject land will not impact current open space or recreational opportunities for the community. The land has been identified as surplus within the plan.

This process aligns with Council's strategic approach to asset optimisation to support financial sustainability and fund future community projects and facilities.

V. If the Council is not the owner of the land – a statement of any requirements made by the owner of the land as a condition of approving the proposed revocation of the classification.

Council is the owner of the parcel of land, the Certificate of Title has been attached for information.

b. The Council must follow the relevant steps set out in its public consultation policy

In accordance with Section 194 of the Local Government Act 1999 (SA), the City of Onkaparinga is required to undertake public consultation in accordance with its Public Consultation Policy when revoking the classification of community land.

Council's [Public Consultation Procedure](#) outlines the process for engaging with the community and relevant stakeholders to ensure transparency and informed decision-making.

By adhering to these requirements, Council ensures that the community has the opportunity to be informed about and provide input into decisions regarding the use and management of public land.
